

Addendum No 2

RFP Title: Development of a Public EV Charging Action Plan

RFP Number: 2025-TAF-02

Submission Deadline: Monday, May 5, 2025 (3:00 PM)

This is to inform all interested proponents that the following section of the above-mentioned RFP Document is being revised from existing.

Revision:

Appendix A – RFP Particulars

E. ADDITIONAL SUBMISSION REQUIREMENTS FOR EVALUATION

2. Proponent Profile and Experience (Maximum 3 Pages, not including Work Samples)

- (optional) Proponents are encouraged to append any final products (e.g., reports, presentation decks, etc.) related to the identified projects as part of their submission. While inclusion of this element is not mandatory, full points for this evaluation criterion may not be awarded without it. If confidentiality is a concern, Proponents may redact or anonymize content from past projects to protect client privacy while still demonstrating relevant experience and approach.

All other aspects of the RFP remain the same.

If you have any questions or require further clarification, please contact us.

Thank you for your interest, and we look forward to your participation.

Best regards,
Sachin Sethi
The Atmospheric Fund
